

Volvo Simplified Service (VSS) Tool Packages

V O L V O

RETAILER EQUIPMENT

Volvo Simplified Service is a new way of structuring your workshop. The foundation of VSS utilizes specific Lean principles, with a streamlined tool set and optimized work standards, all of which are carried out by two technicians per work bay – much like how a race car pit crew would operate.

The Volvo Retailer Equipment Program is Your One-Stop-Shop for your VSS workshop needs!

Volvo Simplified Service Toolkit

682-VSSToolKit **\$6,215.00**
 Retailer Price \$6,514.00

Kit Includes:

Item	Part Number	Description	Quantity
1	682-SSPCG10C	10 Piece Top Torque II™ Screwdriver Set – Green <ul style="list-style-type: none"> • Durable screwdriver set. Screwdriver blades are molded into the handle and have a wide forged butterfly in the end, blade will not turn in the handle, pound through or pull out. • Built with tough materials. Rugged and long-lasting screwdrivers with high-alloy German steel blade and black phosphate on the tip that will not chip off. • Get a grip. Microfiber handle coating gives you a great grip even when your hands are slippery with oil, grease or perspiration and get optimum turning power and torque with 3-sided ergonomic handle. • Machined for exact fit. Lightweight and strong high-alloy German steel blade with a precision machined tip for a perfect fit for all jobs. • Stay productive with Easy ID. Tip identification so you know which screwdriver tip you are reaching for in the tool set. • Phillips sizes: P2: 1/4" x 1"; P1: 3/16" x 3"; P2: 1/4" x 4"; P3: 5/16" x 6"; P2: 1/4" x 7" • Slotted sizes: 1" x 1/4"; 3" x 3/16"; 4" x 1/4"; 6" x 5/16"; 8" x 3/8" 	2
2	682-HP4GC	4 Piece Mini Hook and Pick – Green Set <ul style="list-style-type: none"> • Comfortable, 3 material Top Torque II™ handle shape for maximum grip and comfort. • Molded-in blades for greater strength in professional applications. • Popular straight, 45° and 90° angled picks and a circular hook. • Blade length: 3", overall length: 7". 	2
3	682-SPU4M	4 Piece Universal Plier Set – Orange <ul style="list-style-type: none"> • Four of the most widely used pliers for versatility in cutting, turning or holding. • Slim heads and solid flush rivets allow for access in tight places. • Induction hardened edges for long cutting life. 	2
4	682-MST49025F	4 Piece Convertible Snap Ring Plier Set – 90 degree <ul style="list-style-type: none"> • Pliers are for use on internal and external snap rings. • Pliers included: 0.038" tip size, 90° tip angle, 0.047" tip size, 90° tip angle, 0.070" tip size, 90° tip angle and 0.090" tip size, 90° tip angle. 	1
5	682-MCL24M2K	24mm Long MOD Combination Wrench <ul style="list-style-type: none"> • Non-slip open end works in both directions without reversing the wrench. • Forged from higher carbon steel; same heat treating process used in manufacturing jet landing gear. • Anvil drive box end can be used to loosen or tighten many 6 point, 12 point, spline, TORX, square and fasteners rounded up to 50%. 	1
6	682-MCL27M2K	27mm Long MOD Combination Wrench	1
7	682-MCL21M2K	21mm Long Combination Wrench	1
8	682-MCL22M2K	22mm Long Combination Wrench	1
9	682-RF7M2A	7mm Ratcheting Flex Wrench <ul style="list-style-type: none"> • It is the unique head configuration that allows this wrench to be used on 6 point spline star square and 50% rounded fasteners that will make this tool a must have for your tool box. • Head Thickness Ratcheting Box End – 0.28. • Head Thickness Box End – 0.28". • Measurement Scale: Metric. 	2

Item	Part Number	Description	Quantity
10	682-7GRC8M2	8mm 72-tooth Combination Ratcheting Wrench <ul style="list-style-type: none"> 72-tooth ratcheting wrench gains access where standard ratcheting wrenches will not fit with a minimal 5° swing arc. Non-slip box end. 	2
11	682-S7GRCM12	12 Piece 72 Tooth Metric Combination Ratcheting Wrench Set <ul style="list-style-type: none"> 72 tooth ratcheting wrench gains access where standard ratcheting wrenches will not fit with a minimal 5° swing arc. Non-slip box end. 	2
12	682-TRB100K	3/8" Drive Fixed 20-100 ft. lbs. Torque Wrench <ul style="list-style-type: none"> Durable 72 tooth teardrop reversible ratchet head. Audible click and/or impulse when torque setting is reached. Dual scale, U.S. and metric readings. Anodized aluminum handle with non-slip diamond knurl. Retractable lock ring prevents accidental change of torque setting. Accuracy: 3% CW, 5% CCW. 	1
13	682-SBIT38A	38 Piece Mini Ratchet and Bit Set <ul style="list-style-type: none"> 1/4" compact hex bit ratchet is palm size for excellent access in tight work areas. A swing arc just over 5° allows for faster work in the most compact spaces. Easy disc spin mechanism good for quick finger operation to switch between forward and reverse. Includes ratchet and 36 S2 bits to handle any application in a pocket-size case. 	1
14	682-SBS26V	26 Piece 1/4", 3/8" and 1/2" Drive Standard and Long Adv TORX Bit Socket Set <ul style="list-style-type: none"> Designed for use on TORX® fasteners. Standard and long length provides greater access in tight areas. Socket mirror polish chrome-vanadium finish that resists abrasion and corrosion. Bits are manufactured with S2 steel and finished with zinc phosphate coating for corrosion resistance. High-visibility markings include two black rings for easy ADV distinction. Set includes standard and long lengths: 1/4" Drive T8, T10, T15, T20, T25, T27; 3/8" Drive T30, T40, T45, T47, T50, T55; 1/2" Drive T60. Packaged in EVA foam for storage and finished with a carbon fiber layer on top for durability. 	1

31	682-CX5KA	1/2" Drive Standard Chrome Extension 5" <ul style="list-style-type: none"> Allows access in confined areas. Clearly marked for ease of identification. Lifetime Warranty. 	2
32	682-CP18M6V	1/2" Drive 18mm Metric 6 Point Impact Socket <ul style="list-style-type: none"> OPTI-Torque System – torque is applied to the fastener sides and not the corners. 150° chamfer on the socket end and chamfer on the drive end puts a better grab on the fastener for more consistent force. High visibility markings for easier identification. High performance alloy steel with state-of-the-art heat-treating process, precision quench and temper. Strength, wear resistance and long-lasting durability. Tightly-controlled manufacturing processes. 	2
33	682-CX15KA	3/8 Drive 15" Chrome Extension <ul style="list-style-type: none"> Allows access in confined areas. Clearly marked for ease of identification. 	2
34	682-AX17KA	1/4" Drive Standard Chrome Extension 17" 	2
35	682-UPR4M	U-Notch Upholstery Tool <p>Retains thin notched head to allow for easy removal of flush, difficult-to-access smaller-size moldings, tacks and clips where clearance is a problem.</p> 	2
36	682-MBF8GHB	Mill Bastard File – Green <ul style="list-style-type: none"> Ideal for shaping, sharpening, cleaning out corners and many other material removal needs. Carbon steel shaft allows for fast and easy material removal from workpiece and has a rust preventing coating. Ergonomic handle feels very comfortable to the hand and helps reduce user fatigue. Shaft material: carbon steel / 48 ~ 58 HRC. Handle material: Polypropylene + Thermoplastic rubber. 	1
37	682-HRB8GHB	Half Round Bastard File – Green 	1
38	682-PBS04C	4 piece Curved Pry Bar Set – Orange <ul style="list-style-type: none"> 100% proudly made in the USA. New, improved handle features a 2-part over-mold with a comfort finger grip design and a steel end cap. The heat-treated and tempered blade runs through the handle for maximum strength and durability. Steel end cap provides a solid surface for more accurate striking and maximum strength. The curved bar design features a 23° tip angle and wide tip for maximum contact. Black oxide finish for corrosion resistance. Ideal for automotive and heavy-duty truck applications. Contains 8", 12", 17" and 25" curved pry bars. 	1
39	682-WB10	Curved Style Carbon Steel Wire Brush with Wood Handle <ul style="list-style-type: none"> 3 by 19 rows of medium gauge carbon steel wire. Great for cleaning and surface prep. 10" long wooden handle. 	2
40	682-BG4B	4" Bent Composite Air Blow Gun <ul style="list-style-type: none"> Superior design delivers twice the thrust of conventional blow guns while minimizing the air consumption. Made of lightweight durable composite material. Ergonomically designed handle provides extra comfort and better grip. Angled rotating nozzle easily gets into tight places. Includes a hanging hook. 	1

Item	Part Number	Description	Quantity
41	682-BHG16F	16 oz. Ballpeen Hammer with Fiberglass Handle, 14" Length <ul style="list-style-type: none"> Strong and robust construction. Fiberglass Handle: Lightweight yet durable dual-injection fiberglass handle for controlled and balanced swing. Overstrike Protection: Handles designed with 25% wider neck and polypropylene cover to prevent damage due to overstrikes. Fatigue-Free Use: TPR grip on the handle absorbs shock and vibration during operation. Safe and Secure: Heads are securely held in place and fitted with the handle using tough epoxy adhesive, ensuring that the handle does not fly off even with rough use. Patented Heat-Treatment Process: Patented process ensures uniform hardness on all faces including edges, thus preventing mushrooming of head and accidents due to chipping. 	1
42	682-BHG24F	24 oz. Ballpeen Hammer with Fiberglass Handle, 14" Length <ul style="list-style-type: none"> Ball peen hammer with dual-injection fiberglass handle. Patented heat treatment process ensures uniform hardness on all faces including edges, thus preventing mushrooming of head & accidents due to chipping. Head is induction case hardened to 52 HRC for extended life. For bending and shaping metal, driving punches and chisels, concrete and stone work, hand forging, setting rivets, peen riveted and welded material, texturing face of metal. 	1
43	682-MWLP	Portable Swivel Rechargeable Work Light <ul style="list-style-type: none"> Multi-function, powerful worklight and top torch. Featuring COB technology, the worklight delivers extremely high output with uniform and even illumination. Smart design ensures user can control the output. Adjust light intensity of worklight and top torch by pressing ON/OFF buttons continuously. Impact proof and water resistant ABS body with rubber coating. Runs on 3.7V 2000 mAh USB Rechargeable battery. Power Bank: USB output port for use as power bank. 360° rotating hook to suspend light, leaving both hands free. Swivelling stand can be rotated full 180° to position light as needed. Integrated pocket/belt clip to conveniently store and carry light wherever you go. Clip also has a magnet to attach light to any metallic surface. Aluminum back for better heat dissipation. LED display to show charge levels in % of battery remaining. Works on 4 different light modes: Top Torch, worklight, Red Light, Red light flasher. 	2
44	682-FF5CLR	Forceflex Safety Glasses Clear Full Frame with Clear Lenses <ul style="list-style-type: none"> The ultimate user experience in flexibility, comfort and adjustability. Key flex points built with an elastomeric compound which provide incredible flexibility while retaining the original form. Polycarbonate substructure provides maximum durability. 	2
45	682-DC601C	0-6" Digital Caliper <ul style="list-style-type: none"> Stainless steel frame. Direct inch to metric conversion. Four way measuring. 	1

Item	Part Number	Description	Quantity
46	682-HPS33	2 3/4 inch Offset Hose Pinch Pliers <ul style="list-style-type: none"> Used to seal vacuum hoses, fuel lines and radiator hoses plus other flexible materials. 2-1/2" OD capacity. 	2
47	682-SS71510	Plastic Scraper 	1
48	682-SC52	Razor Blade Scraper <ul style="list-style-type: none"> Spring release allows you to quickly and easily replace blades. 5 steel razor blades and 1 plastic blade are included. 	1
49	682-LC166A	1/2" x 6" Cold Chisel <ul style="list-style-type: none"> Manufactured from high-grade, shock resistant tool steel, and heat-treated for the right balance of hardness, strength, and durability. Cutting edges are hot-forged and swaged for maximum strength and precision. 	1
50	682-PP34A	1/4" 4" Pin Punch Perfect for driving all types of retaining pins in or out. 	1
51	682-PP54A	5/32" x 5" Pin Punch Perfect for driving all types of retaining pins in or out. 	1
52	682-HT3	Magnetic Telescoping Pick Up Tool 10# <ul style="list-style-type: none"> Lifts 10 lbs. Powercap protects sides of magnet from attaching to unwanted metal surfaces. Stainless steel handle telescopes from 8-1/4" to 30". 	2
53	682-DTTDG402A	Digital Tire Tread Depth Gauge <ul style="list-style-type: none"> Tire tread depth gauge with decimal inch, decimal metric and fractional reading in 32nds only. 1/32" readout. Wide base for wide treads. Large, easy-to-read digital display. 1" + range. Spring loaded. Hold Function. 	1
54	682-DT7G	Digital Tire Inflator – Green <ul style="list-style-type: none"> Our digital tire inflator has three function design: inflate, deflate, and measure tire pressure. The digital air pump is more than twice as accurate as the ANSI standard and 0.1PSI resolution, great for sensitive TPMS systems. A large backlit display for quick and easy read and runs on AAA battery (batteries included). Measuring range: 3 ~ 175psi and displays in KG, PSI or Bar measurement. Accuracy 0-58 psi ±1.0psi. The DT6G tire inflator has a 21" stainless steel braided hose with bend guard and locking brass air chuck. 	2
55	682-HTC2LT	2-3/8" Round Lighted Inspection Mirror <ul style="list-style-type: none"> Telescopes from 6-1/2" to 36-3/8". Double ball joint holds 2-1/4" mirror firmly at any angle for 360° viewing. Stainless steel handle is long, strong and lightweight. Cushion grip will not slip in wet or oily hands. Uses two CR2016 batteries. 	1
