## Leasing Programs to Meet Your Needs

Whether you're expanding your Dealership or updating equipment, our 3rd party leasing partners offer some of the best lease rates available. Our partners are committed to unparalleled customer service and full facility leasing options. Call today for more information on the latest programs offered through Balboa Capital, GreatAmerica Financial Services Corporation and Huntington Vendor Finance.

### Lowest payment pledge from Balboa Capital.

- Balboa will guarantee the lowest payment, apples to apples
- Funding available up to \$10MM
- Credit decisions in less than 1 hour for deals less than \$150k
- Convenient electronic documentation

**David L. White**  
925-519-2932

### GreatAmerica – Helping you get there.

Whether "there" means upgraded service equipment or new technology, GreatAmerica provides hassle-free financing tailored to meet your needs. Find out how dealerships across the country benefit from the GreatAmerica Experience.

**Automotive Team**  
Call 800-487-3636  
automotiveteam@greatamerica.com

### Huntington Vendor Finance – Success Built on Trust.

- Knowledgeable industry expertise
- Competitive and convenient finance solutions
- Focus is on building relationships
- Direct financing and independent decision making

**Paul Knowlton**  
415-933-9693  
paul.knowlton@huntington.com

*Lease rates will vary. Please call for details. Offers valid between January 1, 2026 and March 31, 2026 only.*

# FUTURE-PROOF YOUR BUSINESS

## HUNTER® HawkEye Elite®

**Perform alignments and dynamic calibrations now. Xpand into static calibrations when you're ready.**

 Unmatched WinAlign® software

 Diagnostic scan tool with secure gateway access

 Tech-favorite QuickGrip® adaptors

 Mobile design for use in any bay

NADA savings available on all Hunter products! Additional savings on HawkEye X, Maverick Pro, Revolution Tire Changer and Road Force Walkaway.

## Serious Lift Capability for Every Service Job

### 10,000 Two-Post Asymmetric Lift With AV Arms

Rotary's AV Arms allow you to properly lift any vehicle on recommended OEM pickup points. Get more vehicles in the shop and on the lift faster with easy spotting and superior lifting capabilities.

- Easily spot lower profile vehicles with the 3 3/8" minimum adapter height.
- All vehicle arms with increased reach.
- Reach small, specific pick-up points on EVs with enough clearance to remove propulsion batteries.
- High-strength tapered arms for easier and faster positioning of adapters compared to traditional arm designs.
- Front Arm Reach 18 1/2" min., 41" max
- Rear Arm Reach 27 5/8" min., 58 1/4 " max.
- Lift comes standard with round adapters, truck adapters and stacking extensions to lift, unibody, frame and EV.

**39-SPOA10N20M0BK**  
**NADA \$7,540.00**  
 Dealer Price \$8,146.00

Approved by BMW for use on EV vehicles.

### Smart Lift with Trio Arms

10,000 lb. capacity, wide drive-through in-ground lift with rubber adapters.

- Proven environmentally-friendly design with over 47,000 units in operation and a 13-year track record.
- Completely enclosed in polymer composite housing, protecting the environment from the lift and the lift from the environment.
- Operates on only 19 quarts of fluid.
- Patented EasyAccess cylinder design reduces repair time by 75%.

**39-SL210N10G0BK**

**NADA  
\$11,775.00**  
 Dealer Price \$12,986.00

*In-Ground Smart Lift (39-SL210-RA, 39-SL210-TA, 39-SL210L-RA or 39-SL210L-TA) cannot be used for Battery Electric Vehicle high-voltage battery removal.*

### 10,000 lb. Wide Inground Smart Lift With AV Arms

Comes with interchangeable adapter options — right out of the box. 10% greater arm sweep and 15% lower adapter height than any other inground in the market.

**39-SLW210IN20M0BL**  
**NADA \$18,990.00**  
 Dealer Price \$20,943.00

Approved by BMW for use on EV vehicles.

## Tool Storage Organization and More

### Parts Room Relocation Package

- Relocate Inventory ALL while keeping it organized and accessible.
- Fully controlled and secure from end to end.
- Keeping you operational throughout the move, eliminating disruptions to your operations.
- Typical parts room inventory moved can occur over a weekend allowing for opening at new location Monday morning.
- Provision of all necessary equipment and labor to achieve the unachievable.
- Coordination and management of your project to overcome the unexpected tasks with relocation.

713-PARTSRMRELO

**CALL FOR QUOTE**

### Special Tool Organization Package

Organize your Special Tools inventory and place them in Special Tool Storage equipment.

- AME will utilize High Density Drawers to create an area to organize and relocate your smaller special tool inventory and racking and shelving for the larger tools.
- Properly identify tools and will be placed in specific location.
- Label all storage locations for proper identification.
- Provide a database to help manage your special tool investment.
- Ease of adding new tools as they arrive.

713-SPTOOLORG

**CALL FOR QUOTE**

### Custom Service Package for Parts Room Relocation and Special Tool Organization

Save on travel costs and book both your parts room move and special tool organization for the same time!

713-SVCPKGRELOCATN

# CAR-O-LINER®

## Tire, Wheel and AC Service

### B1200P Automated Wheel Balancer

The B1200P wheel balancer with diagnostic functions for car dealerships with high tire service volume. With touchscreen monitor and automatic non-contact data entry. Unbalance measurement and run-out diagnosis are performed in a single fast measuring run.

#### Features:

- Touchscreen with advanced user interface.
- easyWEIGHT – Pinpoint laser accurately.
- Automatic Inputs – Optical scanners automatically measure the wheel.
- Automatic balance measurement.
- Automatic behind the spoke weight placement.
- Patented automatic power clamp.
- LED wheel lighting.
- Stop-in-Position feature where the operator only has to touch the amount of unbalance on the screen and the wheel is automatically indexed to correction position.
- Collets.

119-EEWB567AUB

**NADA \$13,975.00**

Dealer Price \$17,213.00

### T7800 All-In-One Tire Changer

The John Bean T7800 is a leverless tire changer featuring a unique collection of tools, including intuitive control panel, powerMONT™, lower bead camera viewer, on-floor bead breaker and quickLOK™ technology. It was engineered with superior functionalities that require less effort for technicians to operate and an advanced set of tools that only touch the tire, never the rim, minimizing the risk of damage when working with standard, UHP and run-flat tires.

119-EEWH586AUB

**NADA \$23,865.00**

Dealer Price \$29,489.00

### R134A Hybrid A/C Machine

Ecotechnics fully automatic R134A hybrid A/C charging and recycling.

#### Features:

- Fully automatic operations with automatic service valves, meaning operator intervention is not required after the connection of hoses to the vehicle and the start of the procedure.
- Status light provides immediate information about the workflow status from a far distance allowing the technicians to monitor the operation while performing different activities.

119-EEAC820B

**NADA \$5,035.00**

Dealer Price \$5,961.00

#### Also Available:

119-EEAC830B

Ecotechnics YF1234 Hybrid A/C Machine with integrated gas analyzer.

**NADA \$6,350.00**

Dealer Price \$7,391.00

**John Bean**

## Car Starting and Brake Service

### KwikStart Pro-HD

New Patented designed KwikStart with 7' DC field replaceable leads, 12V, 22Ar AGM battery provides up to 1700 peak amp/360 CCA of vehicle starting power. Built-in USB charging ports, and power port for charging everything from a cell phone or laptop to portable lighting.

Rugged design makes the case resistant to drops. Built-in accessory store area for charging cords or memory saver cords. Light diagnostics to detect charging system issues.

110-KS401

**NADA \$399.00**

Dealer Price \$538.00

 ASSOCIATED

### On Car Lathe – BMW Package

The X15 is the latest innovation in on-vehicle rotor matching. The all-new computer system provides disc tracking, maintenance alerts, and variable speed control. The X15 is the first and only rotor matching system in the world to be driven by a 48v DC motor. Expect smooth operation, tighter run-out tolerances, and superior surface finishes. The 48v DC difference is incredible!

#### Features:

- Variable speed DC motor.
- Latest advanced electronics platform.
- Performance plus cutting head.
- Patented one-touch Lateral Run Out (LRO) compensation.
- Six-LED on-board work light.
- 2 -year parts and labor warranty.

38-X15-2ADPBMW  
**NADA \$15,795.00\***  
Dealer Price \$16,360.00

 PRO-CUT™  
BRAKE SOLUTIONS

By matching rotors not only are you increasing your profits, you are saving another rotor from the environment!

**We offer no obligation, FREE ON SITE "DEMO" – Save us your toughest brake job and we will do it for FREE!**

\*Price includes trade-in.

## Brake Service

### 2.5 Gallon Electric Brake Bleeder

#### Features:

- Easy to use, only one person needed for operation.
- Quick change of brake fluid.
- Suitable for all ABS systems (including EDS, ESP and SBC systems) and hydraulic couplings.
- Pulsating liquid flow.
- Automatic low fluid level shut off to prevent air bubbles.
- Instantly depressurizes when switched off.
- Has an adjustable pressure regulator from 0-50 psi.
- Easy to steer around the shop.

801-STBBE2.5GAL

**NADA \$1,350.00**

Dealer Price \$1,571.00

### 4.0 Gallon Electric Brake Bleeder

Leakage test of the braking system in the low-pressure range. Suitable for all ABS systems (including EDS, ESP and SBC systems) and hydraulic clutches.

#### Features:

- Easy to use, only one person needed for operation. The brake fluid is hermetically separated from the outside air. A reduction in the boiling point is excluded.
- Automatic low fluid level shut off to prevent air bubbles.
- Instantly depressurizes when switched off.
- Has an adjustable pressure regulator from 0-50 psi.
- Comes with a 10ft pressure hose.
- 4.0 Gallon Canister.
- Easy to steer around the shop.
- Only one person needed for operation.
- Pulsating fluid stream.

801-STBBE4.0GAL

**NADA \$1,725.00**

Dealer Price \$2,000.00

## Brake Fluid and Air Conditioning Service

### Mahle BFX-60 Brake Fluid Exchange Unit

FluidPRO® brake fluid flush systems deliver complete brake fluid exchange using simple processes.

#### Features:

- Constructed for larger volumes. The brake fluid is removed directly from its 16 gal original container.
- Fitted with the BFX PLUS extraction system.
- Fitted with an infinitely variable pressure suction tube with sieve.
- Suitable for ABS, ESP, EDS and SBC.
- Pulsating fluid flow to pressurize air bubbles out of the braking system.
- Automatic switch-off on empty container.
- Pressure-less decoupling from vehicle.
- Venting of device during container changeover not necessary.
- Adapter available for all established vehicle types.

362-425 80012 00

**NADA \$2,490.00**

Dealer Price \$2,826.00

### Mahle BFX-10 BMW Brake Fluid Bulk Dispensing Unit

In addition to the base Mahle BFX-10 Brake fluid exchange unit, the BMW PN#362-425 80017 00 contains the appropriate hoses, fittings, adapters and siphon tubes needed for this unit to be used as a bulk brake fluid dispensing unit when paired with the Lincoln 905SF Metering Gun for Brake Fluid/ Special Fluids (778-905SF, sold separately, see below).

778-905SF

Dealer Price \$7,138.00

## Service Equipment for Every Area of Your Shop

### Press, 25-ton Air/Hydraulic Pump

- Tough, economical press is ideal for pressing rear axle bearings, piston pins and much more.
- Large 30" x 46" work area under ram makes positioning of even bulky work easy.
- Press bed is easily raised and lowered by a dependable lifting mechanism.

#### Also Available:

16-1833  
Press with 25-ton hand pump  
**NADA \$4,999.00**  
Dealer Price \$5,313.00

16-1881  
Accessory Set for  
25-ton capacity presses  
**NADA \$985.00**  
Dealer Price \$1,132.00

### 3-Ton Capacity Service Jack

Low-profile, compact design for easy and convenient positioning underneath vehicles. The sleek design can be used on vehicles with minimal ground clearance, ground effects, and low fairings without needing makeshift methods before lifting. Built-in safety overload system prevents use beyond the rated capacity for safer operation. Meets all 5 ASME PASE-2019 safety standards for service jacks.

- Lifting range: 2.95" - 20"
- Saddle: 4" dia., steel crown
- Handle length: 46-1/4" with padded lower section
- Frame height: 6.3"
- Handle length: 46-1/4" with padded lower section
- Floor space: 13.5" x 28.5"
- Casters: 4; 2.4" front fixed (2), 2.4" rear swivel (2)
- Dual pump design provides quick lift with load.
- Limited Lifetime Warranty

16-LDJ3-A  
**NADA \$355.00**  
Dealer Price \$440.00

### 3-Ton Jack Stands

These all-new 3-Ton Steel Jack Stands are constructed of a formed and welded high-quality steel base for strength to provide years of safe vehicle holding. Self-locking ratchet handle cannot be released under load and feature a wide range of locking heights and adjusting positions to provide a universal stand for most vehicles.

Sold as a pair.

16-S03  
**NADA \$101.00**  
Dealer Price \$121.00

#### Also Available:

16-S04  
4-ton jack stands  
**NADA \$148.00**  
Dealer Price \$193.00

## Air Conditioning Service and Accessories

### Tracer Gas Leak Detector Service Kit

The Robinair Tracer Gas service kit gives technicians the tools necessary to use tracer gas in place of refrigerant to find A/C system leaks. The LD9-TGKIT includes a hydrogen gas leak detector with sensor technology designed to detect a 5% hydrogen/95% nitrogen tracer gas mixture. The detector's full color liquid crystal display (LCD) and sweep mode function convey messages, graphics, and prompts to help technicians locate the source of a leak and ensure that the leak detector is always at optimal performance. A patented 3 LED inspection light aids in locating and inspecting suspected leak sources.

42-LD9-TGKIT

**NADA \$875.00**

Dealer Price \$1,077.00

## ROBINAIR

### R-1234yf Advanced Recover, Recycle and Recharge Machine

The AC1234-4 is a fully automatic ACS machine that meets or exceeds SAE J2927 and J2843 standards for 1234yf recovery. The machine includes an integrated refrigerant identifier that samples the refrigerant in the vehicle's A/C system prior to recovery. AC1234-4 is a highly accurate and reliable machine capable of servicing both standard and high-voltage vehicle A/C systems.

#### Also Available:

42-AC1234-9

Connected R-1234YF ACS Machine

**NADA \$7,735.00**

Dealer Price \$8,016.00

## Compressed Air Systems and Fluid Handling

Champion offers a complete line of compressors as well as a wide array of aftermarket items to ensure excellent air quality. We are the industry leader in manufacturing dependable, industry-proven compressed air systems that will fit your application. From compressors to dryers, to filtration and piping, let Champion be your source for providing all your compressed air needs.

27-HQR58-230-3

27-HR10D24-208-3

Ask Us About Our  
Extended Warranty  
Kits

\* Control panel on both Simplex and Duplex Advantage and R-Series packages provides a larger enclosure for more working room, a DIN rail and terminal strip for a cleaner and simpler method of wiring accessory components, and a control voltage transformer that supplies safer, low voltage power to package components like the low oil monitor and pressure switch.

CGD series refrigerated air dryers offer the perfect balance between technology and simplicity to dry compressed air systems to a stable ISO 8573-1 Air Quality, Class 4 to 5 pressure dew point. Dryers include Loose pre-filtration (CFL Grade C) and after-filtration (CFL Grade E) – representation as shown.

# Efficiency is Everything

Expert service equipment and systems planning will optimize the flow of people, equipment and vehicles—at no extra cost to you!

## Four Proven Steps:

### Equipment & Systems Needs Consultation Assessment

Key project document detailing contact information, target launch/phase dates, building requirements and recommended shop equipment to enhance fixed operations.

### Detailed CAD Drawing

Includes detailed equipment and systems layout in service area as well as a lighting plan with photometric data.

### Comprehensive Specifications & Budget

Includes detailed specifications for all major equipment called out in the Needs Assessment. Also includes a preliminary equipment and systems budget.

### Project Coordination & Support

Single point of contact for service equipment and installation.

**Most architects and contractors don't understand the needs of a service facility—we do!**

Equipment and Systems Planning team members know service areas need to be set up to provide an optimal flow of people, equipment and vehicles into and out of the area. Because of our close partnership with the OEM, we know the MINI-approved equipment – where to place it for the best usage and work flow throughout the shop and how to get it installed.

### Our experts will ensure your facility:

- Accommodates Future Vehicles
- Provides Layout Efficiency
- Maximizes Shop Throughput
- Meets OEM Design Criteria

## Visualize Your Service Department in 3D!

- Explore your shop design in beautiful real-time 3D prior to construction. Take a walk in the repair shop and see exactly how it will look in real life (via online web conference).
- Verify equipment color(s) suit your needs prior to purchase.
- Validate all selected equipment will fit and function properly within the Service Area without interference with the building infrastructure/mechanical systems.
- Realistic images allow comparison of key product selections, in-ground versus above ground lifts/exhaust systems, tool boxes and workbenches.

1.888.222.7997

Special lease programs available for new facilities. Lease rates will vary. Please call for details.
