Wheel Alignment

V2380 Imaging Wheel Alignment System

Now there's an advanced imaging alignment system that doesn't require lots of training or experience to operate. With the latest XD target and camera system, the V2380 features advanced technology, combined with the simplest, most intuitive software we've ever offered providing the essential tools for any alignment tech. It's the best of both worlds.

Features:

- High resolution cameras produce accurate, live alignment readings and diagnostic data.
- The camera beam automatically follows as the vehicle is raised by tracking the targets.
- Video speed cameras constantly monitor the alignment and provide critical information to get the job done right.
- Our user interface streamlines workflow for enhanced productivity and ensures that alignment repair information is always one click away.
- Touchless AC400 tire clamping system.

Leak Detection, Digital Thermometer and Air Conditioning Accessories

Tracer Gas Leak Detector Service Kit

The Robinair Tracer Gas service kit gives technicians the tools necessary to use tracer gas in place of refrigerant to find A/C system leaks. The LD9-TGKIT includes a hydrogen gas leak detector with sensor technology designed to detect a 5% hydrogen/95% nitrogen tracer gas mixture. The detector's full color liquid crystal display (LCD) and sweep mode function convey messages, graphics, and prompts to help technicians locate the source of a leak and ensure that the leak detector is always at optimal performance. A patented 3 LED inspection light aids in locating and inspecting suspected leak sources.

42-LD9-TGKIT
NADA \$775.00
Regular Price \$881.00

Digital Thermometer

This digital thermometer gives you full-feature capabilities in a case that is small enough to fit in your shirt pocket. A wide temperature range and highly accurate readings make it useful for a variety of applications.

- Accurate readings from -40° F to 390° F (±2°) and from -40° C to 200° C (±1°).
- Switch selects Celsius or Fahrenheit.
- Sampling time is just one second; HOLD button freezes display for accuracy.
- Easy-to-read display can be read even in direct sunlight.
- Durable case includes a cover to protect the probe.
- Uses one 1.5V battery; includes battery-saver mode.
- Min/Max display for reading temperature ranges.

42-43240
NADA \$28.00
Regular Price \$35.00

Premium Refrigerant Leak Detector

Air Conditioning Service and More

ArcticPRO High Performance R1234yf Air Conditioning Service System

The most advanced R1234yf unit on the market today, the ArcticPRO ACX2280 R1234yf Refrigerant Handling Systems offer your shop the ultimate in refrigerant recycling machines. Our newest professional units include a unique service door that is ergonomic in its design and an intuitive, state of the art user interface providing an optimal environment for fully automatic A/C service and simple unit maintenance. iOS and Android capable phone app allows remote service session mirroring and advanced functions.

362-460 80449 00
NADA \$6,485.00
 Regular Price \$6,963.00

BFX-20 Brake Fluid Exchange Unit

Delivers complete brake fluid exchange in a simple process, unlike most competitive models. Compatible with both ABS and non-ABS brake systems, it is easy to operate with service times of 10 minutes.

Features:

- New brake fluid pumped from supplied 5L/1.3 gallon reserve tank, transfer of fluid is not required.
- Variable pressure regulator.
- Brake Master Cylinder fluid extractor.
- Suitable for ABS, ESP, EDS and SBC.
- Equipped with a hydraulic pump.
- Automatic switch-off on empty container.

362-425-80011-00
NADA \$1,485.00
 Regular Price \$1,687.00

ATX280 UNIT w/ std Adapter set

The FluidPRO ATX-280 Automatic Transmission Fluid Exchange System offers precise and accurate fluid measurement and simple operation with minimal technician input to maximize efficiency. The ATX-280 is a new design for the FluidPRO® line, featuring a large Touch display, adoption of a new graphical interface, and many other time saving features.

362-400 80023 00
NADA \$5,210.00
 Regular Price \$5,594.00

1,000 lb. High Rise Automotive Transmission Jack

This high-rise automotive transmission jack features the most flexible, usable and safe head-plate design to boost productivity.

Features:

- Two-stage design: 1st stage 100% air operated for speed; 2nd stage hydraulic for precise control
- Swivel casters make for easy maneuverability.
- Nylon Speed-Strap™ quickly and conveniently secures the load.
- Heavy duty acme threaded screws provide greater bearing surface for easier tilt adjustments.
- Additional adapters available.

362-4858002500
NADA \$2,370.00
 Regular Price \$2,518.00

Efficiency is Everything

Expert service equipment and systems planning will optimize the flow of people, equipment and vehicles—at no extra cost to you!

Four Proven Steps:

1 Equipment & Systems Needs Consultation Assessment

Key project document detailing contact information, target launch/phase dates, building requirements and recommended shop equipment to enhance fixed operations.

2 Detailed CAD Drawing

Includes detailed equipment and systems layout in service area as well as a lighting plan with photometric data.

3 Comprehensive Specifications & Budget

Includes detailed specifications for all major equipment called out in the Needs Assessment. Also includes a preliminary equipment and systems budget.

4 Project Coordination & Support

Single point of contact for service equipment and installation.

Most architects and contractors don't understand the needs of a service facility—we do!

Equipment and Systems Planning team members know service areas need to be set up to provide an optimal flow of people, equipment and vehicles into and out of the area. Because of our close partnership with the OEM, we know the Mitsubishi-approved equipment – where to place it for the best usage and work flow throughout the shop and how to get it installed.

Our experts will ensure your facility:

- ▶ Accommodates Future Vehicles
- ▶ Provides Layout Efficiency
- ▶ Maximizes Shop Throughput
- ▶ Meets OEM Design Criteria

Call today to speak with an Equipment & Systems Planning Specialist! 1-888-727-6672

Visualize Your Service Department in 3D!

- ▶ Explore your shop design in beautiful real-time 3D prior to construction. Take a walk in the repair shop and see exactly how it will look in real life (via online web conference).

- ▶ Verify equipment color(s) suit your needs prior to purchase.

- ▶ Validate all selected equipment will fit and function properly within the Service Area without interference with the building infrastructure/mechanical systems.

- ▶ Realistic images allow comparison of key product selections, in-ground versus above ground lifts/exhaust systems, tool boxes and workbenches.
