Serious Lift Capability and AC Service

10,000 Two-Post Asymmetric Lift With AV Arms

Rotary's AV Arms allow you to properly lift any vehicle on recommended OEM pickup points. Get more vehicles in the shop and on the lift faster with easy spotting and superior lifting capabilities.

39-SPOA10-AV
\$7,625.00
Retailer Price \$8,146.00

12k Wide Inground with AV Arms

12,000 lb. wide in-ground SmartLift with truck adapters and compact bench mounted controls. 88" of drive-through clearance.

39-SLW212IN20MOBL
\$20,605.00
Retailer Price \$22,469.00

Automatic A/C Cart | Single-gas R134a Refrigerant Compatible

The single-gas R3AC50 A/C cart is the recovery, recycle and recharge machine your shop needs to provide simple, quick and smart service. Featuring a 50-pound refrigerant tank and a dual-fan evaporator, the R3AC50 maximizes productivity and increases efficiency by automatically checking and displaying oil and refrigerant levels with easy-to-use control panel navigation.

- 50 lb. refrigerant tank (67% larger than most competitors).
- 9 ft. service hoses.
- Quick connect couplers.
- Smarter – WiFi enabled with integrated real-time vehicle data.
- Simpler – Automatically checks and displays oil and refrigerant levels.
- Quicker – Fastest automatic gas change over in the industry.

39-R3AC50-A
\$4,930.00
Retailer Price \$5,643.00

Also Available:

39-R3AC60
A/C Cart with R1234yf gas
-Recovery, Recycle and Recharge
\$7,250.00

Vehicle Lifts and Exhaust Extraction

10,000 lb. Versymmetric 2-Post Lift, Adjustable Width

- Versymmetric offset front arms provide directSPOT™ to vehicle lift points and safely lifts both symmetrically and asymmetrically within the same service bay, maximizing service capabilities and revenue potential.
- Oversized 5" diameter pulley and heavy duty 5/16" cable reduce stress on equalization system and increase cable life.
- 48" elongated carriage design increases lift life.
- Standard model fits 12 foot ceiling height. Additional 2 foot or 3 foot extensions available.
- Padded overhead shut off system prevents vehicle damage.

67-CL10AV3

\$6,345.00

Retailer Price \$6,917.00

10,000 lb. Wide Inground Lift

10,000 lb. hydraulic inground lifts provide an extra-wide drive-through clearance for servicing wide-bodied and electric vehicles. Its design allows for battery-lowering out of electric vehicles and comes standard with True 3-Stage arms and double-telescoping screw pads.

- 3-Stage arms and double-telescoping screw pads.
- 88" Drive Thru Clearance.
- The extra width provides technicians enough clearance to remove/install battery and battery packs easily.

Tire, Wheel and AC Service

V2380 Imaging Wheel Alignment System

Now there's an advanced imaging alignment system that doesn't require lots of training or experience to operate. With the latest XD target and camera system, the V2380 features advanced technology, combined with the simplest, most intuitive software we've ever offered providing the essential tools for any alignment tech. It's the best of both worlds.

Features:

- High resolution cameras produce accurate, live alignment readings and diagnostic data.
- The camera beam automatically follows as the vehicle is raised by tracking the targets.
- Video speed cameras constantly monitor the alignment and provide critical information to get the job done right.
- Our user interface streamlines workflow for enhanced productivity and ensures that alignment repair information is always one click away.
- Touchless AC400 tire clamping system.

119-EEWA545TBV3
\$30,115.00
 Retailer Price \$36,997.00

T7800 All-In-One Tire Changer

A leverless tire changer featuring a unique collection of tools, including intuitive control panel, powerMONT™, lower bead camera viewer, on-floor bead breaker and quickLOK™ technology.

119-EEWH586AUB
\$23,865.00
 Retailer Price \$29,489.00

V4400 Commander Wheel Aligner

The V4400 Commander uses an intelligent installation flow to ensure proper setup for each shop's specific needs, ensuring ease of placement and minimizing disruption to shop operations. Our dual-tower system features two remote alignment posts equipped with two high-resolution cameras that provide a comprehensive, stable field of view and reduce the need for frequent camera adjustments.

119-EEWA580A
\$34,655.00
 Retailer Price \$41,667.00

Ecotechnics YF1234 Hybrid AC Machine

Fully Automatic YF1234 Hybrid AC Machine.

Features:

- Fully automatic operations with automatic service valves, meaning operator intervention is not required after the connection of hoses to the vehicle and the start of the procedure.
- Equipped with integrated gas analyzer to detect the quality of the refrigerant in order to prevent contamination.
- 5-inch touch screen display with intuitive and user-friendly interface software.
- Status light provides immediate information about the workflow status from a far distance allowing the technicians to monitor the operation while performing different activities.
- Integrated thermal printer conveniently issues a report for customers with service information.
- Automatic discharge of non-condensable gas purge.

119-EEAC830B
\$6,350.00
 Retailer Price \$7,391.00

Tracer Gas Leak Detector Service Kit

The Robinair Tracer Gas service kit gives technicians the tools necessary to use tracer gas in place of refrigerant to find A/C system leaks. The LD9-TGKIT includes a hydrogen gas leak detector with sensor technology designed to detect a 5% hydrogen/95% nitrogen tracer gas mixture. The detector's full color liquid crystal display (LCD) and sweep mode function convey messages, graphics, and prompts to help technicians locate the source of a leak and ensure that the leak detector is always at optimal performance. A patented 3 LED inspection light aids in locating and inspecting suspected leak sources.

Efficiency is Everything

Expert service equipment & systems planning will optimize the flow of people, equipment and vehicles—at no extra cost to you!

Four Proven Steps:

1 Equipment & Systems Needs Consultation Assessment

Key project document detailing contact information, target launch/phase dates, building requirements and recommended shop equipment to enhance fixed operations.

2 Detailed CAD Drawing

Includes detailed equipment and systems layout in service area as well as a lighting plan with photometric data.

3 Comprehensive Specifications & Budget

Includes detailed specifications for all major equipment called out in the Needs Assessment. Also includes a preliminary equipment and systems budget.

4 Project Coordination & Support

Single point of contact for service equipment and installation.

Most architects and contractors don't understand the needs of a service facility—we do!

Our Equipment and Systems Planning team members know service areas need to be set up to provide an optimal flow of people, equipment and vehicles into and out of the area. Because of our close partnership with the OEM, we know the Subaru-approved equipment – where to place it for the best usage and efficiency throughout the shop and how to get it installed.

Our experts will ensure your facility:

- Accommodates Future Vehicles
- Provides Layout Efficiency
- Maximizes Shop Throughput
- Meets OEM Design Criteria

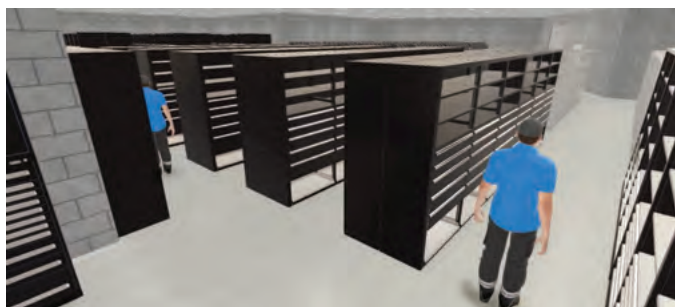

QUALITY DRIVEN SERVICE

Call today to speak with an Equipment & Systems Planning Specialist! 1.866.213.4690

Visualize Your Service Department in 3D!

- Explore your shop design in beautiful real-time 3D prior to construction. Take a virtual walk through the Service Department and see exactly how it will look in real life (via online web conference).
- Verify equipment color(s) suit your needs prior to purchase.
- Validate all selected equipment will fit and function properly within the Service Department without interference with the building infrastructure/mechanical systems.
- Realistic images allow comparison of key product selections, in-ground versus above ground lifts/exhaust systems, tool boxes and workbenches.
