

## TOOL RENTAL PROGRAM

### MODEL

N/A			

### INFORMATION

It was made apparent, through the Carlisle Survey, that MINI dealers were concerned about their Return on Investment (ROI) on some upcoming high-expense, low-usage tools. In many cases this would be a specific-model, specific-use tool.

Therefore, we are pleased to announce the MINI Tool Rental Program. The new MINI Tool Rental Program includes the 2 High Voltage tools below. More tools fitting the high-expense, low-usage category will be added in the future. Thank you for your input. You spoke and we listened!

**Only properly trained personnel, who have passed all applicable technical training courses, should perform any maintenance or repairs on any Hybrid or Electric Vehicle. Work performed by unqualified persons may result in severe personal injury or damage to the vehicle.**
